IWG/AM-7  
Control No. 440537  
19 January 1953

MEMORANDUM FOR: IWG

SUBJECT: Transmittal of Working Paper on "Finnish Tanker Fixture  
for China Run" - (IWG Case No. 38)

1. On 29 December 1952, Mr. Kenneth Hansen, ODMS, requested information on the reported fixture of the Finnish tanker WIIMA, 7717 GRT, to carry kerosene from Constantza to Shanghai in December 1952 or early in January 1953.

2. The attached statement (IWG/D-11) is a Working Paper, which summarizes the information produced by the various member agencies of IWG in response to the ODMS request. The paper is intended solely for the information of addressees and not for further dissemination.

3. The requester has indicated that the information satisfies his requirement.
